

## Articles about dysfluency in the (Royal) College of Speech (and Language) Therapists journal, chronologically from 1935-2010

The journal has had several titles over the decades:

- Speech
- Speech Pathology and Therapy (*SPT*)
- British Journal of Disorders of Communication (*BJDC*)
- European Journal of Disorders of Communication (*EJDC*)
- International Journal of Language and Communication Disorders (*IJLCD*)

Culpin, M. 1935. The psychology of stammer. *Speech*, 1, (2) 8-11

Kingdon-Ward, W. 1935. Some aspects of stammering. *Speech*, 1, (2) 21-24

Crichton-Miller, H. 1936. A note on the psychic factor in stammering. *Speech*, 1, (3) 42-44

Richardson, M.A. 1937. Group work for stammerers. *Speech*, 2, (4) 13-21

Seth, G. 1937. The psychological problems of stuttering: a new approach to treatment. *Speech*, 2, (4) 22-26

Cooke, W.E. 1937. Creative pursuits as aids to the treatment of stammering children. *Speech*, 2, (4) 27-32

Florenskaya, Y.A., Averbuch, I.S., & Arkipova, O.G. 1937. Some difficult cases of stammering. *Speech*, 3, (1) 18-29

Bryngelson, B. 1938. Treatment of stuttering in children. *Speech*, 3, (3) 9-12

Bryngelson, B. 1938. Treatment of stuttering in children. *Speech*, 3, (4) 7-10

Van Thal, J.H. 1938. The treatment of stammering - ancient and modern. *Speech*, 4, (2) 8-12

Keane, R. 1939. Stutterers' camp. *Speech*, 4, (3) 12-15

Hopkins, F. & Ferrie, M. 1939. The prognosis of stammering. *Speech*, 4, (4) 12-17

- Patzay-Liebermann, L. 1939. The motility of stammerers. *Speech*, 4, (4) 18-28
- Bryngelson, B. 1940. A study of laterality of stutterers and normal speakers. *Speech*, 5, (3) 13-16
- Lewis, R. 1942. Stuttering and the preschool child. *Speech*, 6, (1) 16-20
- Badcock, M.E. 1943. Notes on the treatment of stammering. *Speech*, 7, (1) 5-9
- Oswald, M.V.O. 1944. A consideration on the treatment of stammer. *Speech*, 8, (1) 8-11
- Bowley, A.H. 1946. Some observations of the psychological aspects of stammering. *Speech*, 10, (1) 12-14
- Stein, L. 1946. A case of monosymptomatic stammer. *Speech*, 10, (1) 15-17
- Van Thal, J.H. 1949. Stammering in unusual situations. *Speech*, 13, (1) 16-18
- Fahmy, M. 1950. The theory of habit control and negative practice as a curative method in the treatment of stammering. *Speech*, 14, (1) 24-31
- Pollitt, J. 1951. A review of cases of stammering. *Speech*, 15, (2) 33-41
- Renfrew, C. 1952. A questionnaire for stammerers. *Speech*, 16, (1) 21-24
- Van Riper, C. 1953. The treatment of stuttering. *Speech*, 17, (1) 17-20
- Baldwin, M. 1954. Notes of play sessions with two stammering boys. *Speech*, 18, (1) 17-23
- Jameson, A. 1955. Stammering in children - some factors in the prognosis. *Speech*, 19, (2) 60-67
- Wohl, M. 1955. The sequelae of stammer. *Speech*, 19, (2) 68-70
- McAllister, A. 1958. The problem of stammering. *SPT*, 1, (1) 3-8

- Wolf, A. & Wolf, E. 1959. Feedback processes in the theory of certain speech disorders. *SPT*, 2, (2) 48-55
- Johnson, W. 1961. Counselling parents about the problem called stuttering or stammering. *SPT*, 4, (1) 7-10
- Johnson, W. 1961. Some practical suggestions for adults who stutter. *SPT*, 4, (2) 68-73
- Horowitz, E. 1962. A follow-up study of former stutterers. *SPT*, 5, (1) 25-33
- Carter, P. 1963. Stammering as a symptom of social neurosis. *SPT*, 6, (2) 47-53
- Kelham, R. & McHale, A. 1966. The application of learning theory to the treatment of stammering. *BJDC*, 1, (2) 114-118
- Brandon, S. & Harris, M. 1967. Stammering - an experimental treatment programme using syllable-timed-speech. *BJDC*, 2, (1) 64-68
- Woolf, G. 1967. The assessment of stuttering as struggle, avoidance and expectancy. *BJDC*, 2, (2) 158-171
- Wyke, B. 1970. Neurological mechanisms in stammering - an hypothesis. *BJDC*, 5, (1) 6-15
- McCool, J. 1970. Psychopathogenic non-fluency. *BJDC*, 5, (1) 16-21
- Fransella, F. 1970. Stuttering: not a symptom but a way of life. *BJDC*, 5, (1) 22-29
- Bloodstein, O. 1970. Stuttering and normal nonfluency: a continuity hypothesis. *BJDC*, 5, (1) 30-39
- Van Riper, C. 1970. The use of DAF in stuttering therapy. *BJDC*, 5, (1) 40-45
- Neaves, A. 1970. To establish a basis for prognosis in stammering. *BJDC*, 5, (1) 46-58
- Fawcus, M. 1970. Intensive treatment and group therapy programme for the child and adult stammerer. *BJDC*, 5, (1) 59-65

Wohl, M. 1970. The treatment of non-fluent utterance - a behavioural approach. *BJDC*, 5, (1) 66-76

MacCulloch, M.J., Eaton, R., & Long, E. 1970. The long term effect of auditory masking on young stutterers. *BJDC*, 5, (2) 165-173

Donovan, G.E. 1971. A new device for the treatment of stammering. *BJDC*, 6, (1) 86-88

Andrews, G. & Ingham, R.J. 1971. Stuttering: considerations in the evaluation of treatment. *BJDC*, 6, (2) 129-138

Canter, G. 1971. Observations on neurogenic stuttering: a contribution to differential diagnosis. *BJDC*, 6, (2) 139-143

Watts, F. 1971. The treatment of stammering by the intensive practice of fluent speech. *BJDC*, 6, (2) 144-147

MacCulloch, M.J. 1971. A note on reduced auditory pain threshold in 44 stuttering children. *BJDC*, 6, (2) 148-153

Hamre, C.E. 1972. A comment on the possible organicity of stuttering. *BJDC*, 7, (2) 148-150

Irwin, A. 1972. The treatment and results of 'easy-stammering'. *BJDC*, 7, (2) 151-156

Beattie, M.S. 1973. A behaviour therapy programme for stuttering. *BJDC*, 8, (2) 120-130

Watts, F. 1973. Mechanisms of fluency control in stutterers. *BJDC*, 8, (2) 131-138
