

Articles about voice in the (Royal) College of Speech (and Language) Therapists journal, chronologically from 1935-2010

The journal has had several titles over the decades:

- Speech
- Speech Pathology and Therapy (*SPT*)
- British Journal of Disorders of Communication (*BJDC*)
- European Journal of Disorders of Communication (*EJDC*)
- International Journal of Language and Communication Disorders (*IJLCD*)

MacMahon, C. 1936. A note on the treatment of functional aphonia. *Speech*, 1, (3) 10-12

Froeschels, E. 1937. Laws of the occurrence and development of hyperfunctional voice failure. *Speech*, 3, (1) 13-17

Moolenaar-Bijl, A. 1938. Functional or organic? *Speech*, 3, (3) 29-31

Badcock, M.E. 1939. Affections of the voice in relation to speech therapy. *Speech*, 5, (1) 17-27

Wilkins, J. 1948. A case of functional phonasthesia. *Speech*, 12, (2) 13-14

Goldschmidt, P. 1949. Vienna memories, 1936-37. *Speech*, 13, (1) 10-15

Pollack, D. 1952. Post arytenoidectomy voice therapy. *Speech*, 16, (1) 4-7

Froeschels, E. 1955. Diagnostic puzzles solved by case history. *Speech*, 19, (1) 21-23

Van Thal, J.H. 1961. Dysphonia. *SPT*, 4, (1) 11-21

Dowie, L.N. 1965. Functional dysphonia. *SPT*, 8, (1) 18-22

Ardran, G.M. & Kemp, F.H. 1967. Laryngeal function following lateral fixation of a vocal cord. *BJDC*, 2, (1) 15-22

Van Thal, J. 1967. Vocal rehabilitation. *BJDC*, 2, (1) 23-29

Greene, M. 1967. Management of aphonia after surgical treatment of carcinoma of the larynx, pharynx and oesophagus. *BJDC*, 2, (1) 30-44

Simpson, I.C. 1971. Dysphonia: the organization and working of a dysphonia clinic. *BJDC*, 6, (1) 70-85

Wechsler, E. 1977. A laryngographic study of voice disorders. *BJDC*, 12, (1) 9-22

Rozen, A.L. & Lucas, E.V. 1977. A therapy approach for alleviating diplophonic voice quality. *BJDC*, 12, (1) 69-74

Amerman, J. & Williams, D. 1979. Implications of respirometric evaluation for diagnosis and management of vocal fold pathologies. *BJDC*, 14, (2) 153-160

Wynter, H. & Martin, S. 1981. Research report: 'The classification of deviant voice quality through auditory memory training'. *BJDC*, 16, (3)

Berry, R.J., Epstein, R., Fourcin, A.J., Freeman, M., McCurtain, F., & Noscoe, N. 1982. An objective analysis of voice disorder: part one. *BJDC*, 17, (1) 67-76

Berry, R.J., Epstein, R., Freeman, M., McCurtain, F., & Noscoe, N. 1982. An objective analysis of voice disorder: part two. *BJDC*, 17, (1) 77-83

Oates, J. & Dacakis, G. 1983. Speech pathology considerations in the management of transsexualism - a review. *BJDC*, 18, (3) 139-151

Hartmann, E. & von Cramon, D. 1984. Acoustic measurement of voice quality in dysphonia after closed head trauma: a follow-up study. *BJDC*, 19, (3) 253-261

Greene, M. 1984. Functional dysphonia and the hyperventilation syndrome. *BJDC*, 19, (3) 263-272

Sapir, S. & Aronson, A. 1985. Aphonia after closed head injury: aetiologic considerations. *BJDC*, 20, (3) 289-296

Andrews, S., Warner, J., & Stewart, R. 1986. EMG feedback and relaxation in the treatment of hyperfunctional dysphonia. *BJDC*, 21, (3) 353-369

- Sapir, S. & Aronson, A. 1987. Coexisting psychogenic and neurogenic dysphonia: a source of diagnostic confusion. *BJDC*, 22, (1) 73-80
- Butcher, P., Elias, A., Raven, R., Yeatman, J., & Littlejohns, D. 1987. Psychogenic voice disorder unresponsive to speech therapy: psychological characteristics and cognitive-behaviour therapy. *BJDC*, 22, (1) 81-92
- Chevrie-Muller, C., Arabia-Guidet, C., & Pfauwadel, M.-C. 1987. Can one recover from spasmodic dysphonia? *BJDC*, 22, (2) 117-128
- Scholefield, J. 1987. Aetiologies of aphonia following closed head injury. *BJDC*, 22, (2) 167-172
- Elias, A., Raven, R., Littlejohns, D.W., & Butcher, P. 1989. Speech therapy for psychogenic voice disorder: a survey of current practice and teaching. *BJDC*, 24, (1) 61-76
- Burroughs, E., Aronson, A., Duffy, J., & Kyle, R. 1991. Speech disorders in systemic amyloidosis. *BJDC*, 26, (2) 201-206
- Adams, S.G. & Lang, A.E. 1992. Can the Lombard effect be used to improve voice intensity in Parkinson's Disease? *EJDC*, 27, (2) 121-135
- Sapir, S., Attias, J., & Shahar, A. 1992. Vocal attrition related to idiosyncratic dysphonia: re-analysis of survey data. *EJDC*, 27, (2) 129-135
- Carding, P.N. & Horsley, I.A. 1992. An evaluation study of voice therapy in non-organic dysphonia. *EJDC*, 27, (2) 137-158
- Gunzburger, D. 1993. An acoustic analysis and some perceptual data concerning voice change in male-female trans-sexuals. *EJDC*, 28, (1) 13-21
- Sapir, S., Keidar, A., & Mathers-Schmidt, B. 1993. Vocal attrition in teachers: survey findings. *EJDC*, 28, (2) 177-185
- White, A., Deary, I.J., & Wilson, J. 1997. Psychiatric disturbance and personality traits in dysphonic patients. *EJDC*, 32, (3) 307-314
- Dunnett, C., Mackenzie, K., Robinson, K., Sellars, C., & Wilson, J. 1997. Voice therapy for dysphonia - still more art than science? *EJDC*, 32, (3) 333-343

Brown, M., Perry, A., Cheesman, A.D., & Pring, T. 2000. Pitch change in male-to-female transsexuals: has phonosurgery a role to play? *IJLCD*, 35, (1) 129-136

Van Borsel, J., De Cuypere, G., Rubens, R., & Destaecke, B. 2000. Voice problems in female-to-male transsexuals. *IJLCD*, 35, (3) 427-442
